

World Travel Adapter Kit

Apple World Travel Adapter Kit

You can use the Apple World Travel Adapter Kit in most countries and regions. You can use the plug adapters with compatible Mac power adapters and with other Apple power adapters that have removable plug adapters, including some iPod, iPhone, or iPad USB power adapters, and AirPort Express.

To attach an adapter to your power adapter or AirPort Express:

- 1 Choose the correct plug adapter for the country or region you're in and connect it to the power adapter or AirPort Express.

GBR
Three-Prong Blades
UK, Hong Kong,
Singapore

AUS
Flat Angled Blades
Australia,
New Zealand

CHN
**Flat Parallel Blades
Without Holes**
China

USA
**Flat Parallel Blades

Korea

EUR
**Round, Slightly Angled
Thin Pins**
Continental Europe

BRA
Round Thin Pins
Brazil

- 2 Extend the electrical prongs (if necessary), and plug the power adapter or AirPort Express into a power outlet.

Safety Information

- Use the plug adapters only with Apple power adapters or supported AirPort Express.
- Use the correct plug adapter for the country or region you're in.
- Never force a plug adapter into a power outlet. If the plug adapter and outlet don't join with reasonable ease, they probably don't match.
- When connecting or disconnecting a power adapter, always hold the power adapter by its sides. Keep your fingers away from the blades or pins.
- Always leave space around a power adapter, to let air flow cool it.
- Don't use the power adapter in wet locations, such as near a sink, bathtub, or shower stall, and don't connect or disconnect the power adapter with wet hands.
- If a power adapter or a plug adapter appears to be damaged, discontinue use immediately.
